

SPECIAL ALERT: Kansas Immunization Program - Knowledge Education Series (KIP-KIS)

July 5, 2018

Dear Vaccines for Children Providers,

We are excited to announce a new learning opportunity; the Kansas Immunization Program - Knowledge Injection Series (KIP-KIS). KIP-KIS will be 1-hour webinar presentations covering a variety of topics such as vaccines, immunization practices, vaccine storage and handling, and vaccine preventable diseases. The series will offer noontime webinars every other month through the end of 2018 (July, September, and November) and then monthly webinars in 2019. There will be no cost for the webinars, but registration will be required. Continuing education will be offered for most webinars.

Our first KIP-KIS webinar will be, *Immunization Best Practices for Back to School*. This webinar will cover the 2018-2019 Kansas school immunization requirements and the Advisory Committee on Immunization Practices (ACIP) Immunization Schedule as it relates to Kansas school immunization requirements, identifying common vaccine administration errors and prevention strategies, and identifying strategies for determining order quantities for back to school.

Please join us on Thursday, July 19<sup>th</sup>, from 12 – 1 PM CST for our first KIP-KIS webinar presentation. *No continuing education will be offered for this webinar.* You can register at: <https://attendee.gotowebinar.com/register/7491910995275072257>

Thank you,
